No. 17

## School Board Election December 1st

S. I. Goodwin Nominated To  
Lead Self.—Dr. F. D. Worlton  
Nominated As Candidate.

Members from Lehi and Pleasant Grove for a term of four years in the Alpine School District will be elected Wednesday, December 1st. All persons voting in the last general election will have a voice in the election of one of these two board members.

A new school law pertaining to election of candidates provides that a primary or on selection by citizens any person may be nominated as a candidate. The only provision is that the candidate's name must be filed with the clerk of the school board one month prior to the election. In the district nominations may be filed until noon today (Thursday). Officials announced yesterday that going officer from Lehi is S. I. Goodwin, president of the board. The Pleasant Grove officer to retire is Charles G. Johnson.

Interest is yet manifested in the election but, history has shown that of repeating itself, and there is time for Lehi to develop her election spirit. Yesterday two candidates names had been filed. Bishop Goodwin had been on the ticket to succeed himself. Dr. F. D. Worlton's name had been filed to run as a candidate for office. Nominations from Pleasant Grove included Bishop S. L. Johnson and John S. Holdway. Voting in Lehi will take place at the High School Auditorium (across from 7 a. m. to 7 p. m.) on the day of election, as chosen, will be J. Davis, James Peterson and Holdsworth.

Don't forget the free theatre tickets, with every dollar at People's Co-op.

### UTAH VALUATION IS \$717,308,321

Taxable Property in State is Assessed At Almost Three-quarters of Billion.

The total assessed value of all taxable property in the state of Utah, according to complete returns for 1920, is \$717,308,321, according to a tabulation compiled yesterday by the state board of equalization. This differs from the total reached recently in the office of the state auditor for the reason that the assessment of car companies, of which the taxes are collected by the state board itself, are included in the board's total. The valuation of car companies in 1920 is \$1,321,100.

Last year the taxable property in Utah was assessed at \$692,466,878. Figures for the two years compare:

Classification	1920	1919
Real estate	\$242,386,582	\$213,415,019
Improvements	119,755,119	112,345,983
Livestock	34,213,280	42,617,933
Other personal	137,979,393	120,858,490
Assessed by state board	182,973,847	203,189,454

Total.....\$717,308,321 \$692,466,878  
The falling off in the livestock valuation was due to a hard winter reducing the number of stock and to the lower valuations, reflecting a lower market price. The property assessed by the state board decreased on account of the falling off in the net proceeds of the metal mines of the state.—Tribune November 20.

### "CRAP SHOOTERS" HAULED INTO COURT

Lehi's "crap shooters" or "dice throwing club" members numbering seven were arrested at their headquarters in the old shack about a mile west of the city park on Sunday by probation and city officers. Two of the seven young gamblers are over eighteen and were fined by Judge Kendall and the other five were given a hearing and fined by the Juvenile Judge Tuesday. Fines of fifteen and twenty-five dollars were imposed on four of the boys. The others were first offenders or onlookers and fines were not imposed.

Bargains in every department at adv. People's Co-op.

### MRS. RACHEL CAMPBELL FUNERAL SUNDAY

Funeral services were conducted over the remains of Mrs. Rachel Campbell at the O. A. Slade residence Sunday afternoon. The Rev. W. W. Fleetwood, of Salt Lake, conducted the services, reading scripture and pronouncing the Lords prayer. Mrs. Neesen, of Salt Lake rendered the solos, "Dry Those Tears" and "The Swallows Homeward Fly." Interment was in the Lehi cemetery.

Mrs. Campbell, who passed away Friday, November 19th, at the O. A. Slade home was 54 years of age. She was the widow of the late Edward Campbell and was a Lehi resident until about fifteen years ago. She has lived in Salt Lake the greater part of the time since leaving here.

Mrs. Campbell is survived by two daughters and an adopted daughter, Mrs. Iras Hayes of Salt Lake and Mrs. Erma Gaecher of Ogden and Miss Jennie Condon of the Y. C. A. three sisters, Mrs. B. S. Lott and Mrs. O. A. Slade and Mrs. David Thurman.

She was the daughter of Israel and Matilda Evans and was born in Lehi in 1866.

In September she was taken to California for her health but it seemed she could not regain it. From California she came direct to Lehi, arriving November 1st, where she remained until her death.

## Marriages

### ROSS-ROBBINS

Last Wednesday in Salt Lake, Miss Malinda Ross, daughter of Mr. J. E. Ross, was married to Harley B. Robbins of Salt Lake. Mr. and Mrs. Robbins will make their home in the capitol city.

### CLARK-VARNEY

Last Thursday Miss Paza Clark, daughter of Mrs. Lizzie Clark, was married to Roy Varney. The marriage took place at Provo. Mr. and Mrs. Varney will make their home here.

### HURD-JONES

Last week in Salt Lake Miss Zina Hurd of Snowville, Utah, was married to Thomas W. Jones of this city. Mr. Jones is the son of Mr. and Mrs. T. W. Jones of the First Ward.

### FORMER LEHI RESIDENT DIES IN CALIFORNIA

Frank Brown, husband of Mrs. May Wilcox, died at their home in Atascadero, California, last week following an illness of several weeks. Charles H. Brown, a brother, went there to attend the funeral, returning Saturday.

Frank Brown was born in Ferre Harite, Indiana, coming west in 1886 and later on to Utah. He was married to Miss May Wilcox and they resided here until about twelve years ago when they moved to California.

Besides his wife and son, Earl, his brother, Charlie H., he is survived by a sister and mother who live in California.

### Making Sure.

A story is told of a farmer who was having trouble with his horse. It would start, walk about 20 yards or so, then stop for a few seconds and start again, only to repeat the performance. After watching this exhibition for some time a friend overtook the farmer during one of the horse's long waits. "What's the matter with the horse?" he asked. "Is it lame?" "Not as I know of," answered the farmer very crossly, "but he's so dashed feared I'll say 'whoa' and he won't hear me, so he stops every now and then to listen."—The Tatler.

### "Schopenhauer's Bible."

The "Oupnekhat" is a Latin translation of the "Upanishads," made by Anquetil-Duperron, from a Persian version of the Sanscrit original, which was published at Strassburg, in two volumes quarto, 1801-1802, under the title "Oupnekhat, id est, Secretum Legendum." It consists of a group of treatises, expounding a general system of mystical pantheism, which arose as a development of the more theosophic element in the Vedas. It is believed that this influenced Schopenhauer not a little in his writings.

### Misunderstood.

Waiter—"Haven't you forgotten something, sir?" Customer—"Great Scott, yes! My wife told me to water the plants while she was away!"

### RED CROSS ENROLLMENT SLOW

Will Lehi fall down on her 1920 Red Cross Roll Call?

This question is causing some worry to the Red Cross workers of the city since very few people had responded and deposited their helping fee yesterday. The time limit for the present drive is up today. Reports and the money should be ready this week, but since the people have neglected to join the reports will be held up until December 1st, Mrs. J. E. Cotter, president of the local organization, stated yesterday.

Every loyal American citizen should, and we believe do, realize the wonderful work the Red Cross has and are doing and intend to support the wonderful work. They have just neglected depositing the \$1.00, which is so easy to do at this busy season.

Lehi cannot, and will not, fall down this year, so let every citizen make it a point to join tomorrow. Subscriptions are taken at either bank or by Mrs. Cotter or Mrs. A. H. Bone.

### LIGHTS PLACED ON SCHOOL GROUNDS

Eight lights, one on each corner of the Grammar and Primary building, have been put up this week for lighting up the school grounds. The lights are operated from switches within the buildings and will be lighted on dance and Sunday nights.

The dark grounds in the past was frequented by young couples on dance nights and Sunday evenings. Complaints and the suggestion of lighting them came to the City Council and from them to the school officials. The installing of the lights is expected to have the desired effect.

### Verazzani's Discovery of America.

A French writer is distributing a pamphlet showing that most of the Atlantic coast of the United States was discovered by the French explorer Verazzani in 1524, and urging that in 1924 the 400th anniversary of the discovery be duly celebrated in the United States.

## Kemp Babe Drowns In Tub of Water

Funeral Held Saturday at Third Ward Meeting House.

Fear at not finding their babe at its grandparents where she expected it had gone was quickly turned to grief Thursday afternoon when Mrs. Fredrick Kemp found her twenty-month-old son drowned in a tub of water which was used for watering stock.

The child left the house in the afternoon and, as had been its habit, started through the lots to the home of its grandparents, Mr. and Mrs. Henry Kemp. In an hour or so its mother, Mrs. Fredrick Kemp went to the elder Kemp's home for the child. On reaching the house she found it had not been there. A frantic search, immediately started, located the dead body in a tub of water in the vicinity of their home. The exact time the child had been dead could not be determined.

The babe, Fredrick Boyd Kemp, son of Fredrick and Laura Butt Kemp, was born in Lehi, April 15, 1919. It was blessed May 25th of the same year by President A. J. Evans.

Funeral services were held in the Third Ward meeting house Saturday afternoon with Bishop Henry Lewis in charge. John and Martin Bushman and President A. J. Evans offered consoling remarks to the grief stricken parents. Musical selections were furnished by the choir, Misses Rosella Johnson and Pearl Hansen and Mrs. George P. Price. Prayers were offered by Bishop S. I. Goodwin and E. A. Bushman.

### Horse's Decorations.

The brass decorations frequently seen on the harness of a work horse are a direct survival of the amulets which bedecked the horses of the time of Julius Caesar and the ancient Egyptians.

### STATE ROAD WORK FINISHED

The Strange-McGuire contracting company has completed the State road within Lehi City limits and workmen are now moving their mixing plant and equipment. The cement laying was completed Thursday and the grading on the sides finished yesterday.

The completion of the strip makes a continuous hard surface road from Brigham to Provo, over a hundred miles.

### CARNEGIE LIBRARY WORK STARTED

Actual work on the foundation of the new Carnegie Library building commenced Tuesday. Excavation and the placing of the forms will be completed early Friday when pouring of cement will commence.

The completion of the foundation this fall is the plan of those in charge. The other work will be resumed in the spring.

### TAX PAYMENT TIME EXTENDED TO DECEMBER 17TH

For the benefit of the farmers, who were not able to get beets into the factory during October and consequently did not participate in the pay day this month, the time in which to pay taxes has been extended from November 30th to December 17th. In place of the usual 2 per cent penalty a charge of only twenty-five cents per notice will be charged, tax assessor and collector D. J. Thurman announced Tuesday.

### So is the Price.

The power derived from a pound of coal today is nearly three times as great as it was 50 years ago.

## Why Not Buy "Gifts That Last"

**UNIVERSAL**  
In Every Home

*Farmington and Saybrook Patterns*

UNIVERSAL Silver Overlay Table Service is made by depositing upon a solid nickel silver base a heavy reinforced plate of pure silver. Upon those parts given to hardest wear, an extra plating is again overlaid.

Guaranteed for 50 years of Satisfactory Service.

**UNIVERSAL SILVER OVERLAIN TABLE SERVICE**

Our line of Xmas Presents this year will be bigger and better than ever. Make your selection early.
